Mission

The Scotia-Glenville Central School District is committed to providing an environment which allows students to realize their full potential and thus prepares them for life in an ever-changing world. In the tradition of excellence the, Board of Education, administration, staff, parents/guardians, business and community members will continue to ensure that our educational system fulfills the needs of our students.

Purpose

These rules and guidelines are designed to promote good behavior and a positive learning environment. Teachers and all other staff are here to assist students in this endeavor as they strive to achieve their full potential.

It would be impossible to create a handbook or district code of conduct that could identify every possible adverse situation that could be encountered during the school day. Any and all behaviors that have not been included should not be thought of as a deliberate omission. The basic foundation of the Scotia-Glenville Middle School policy is that the rights, feelings, and property of others must be treated with respect at all times.

Neither this handbook nor the district code of conduct to which it refers (available via the district website) have been created to inhibit student freedom or to stifle student responsibility--particularly at a time when every student wants to become more responsible and more independent. Instead, it should be recognized that both have been created with the belief that each student, faculty/staff member, administrator, and parent or guardian will join together and lend their support so that every student may achieve their educational goals in the safest and most efficient manner possible.

Non-Discrimination Policy

The Scotia-Glenville Central School District hereby advises students, parents, guardians, employees and the general public that it offers employment and educational opportunities, including vocational education opportunities, without regard to sex, age, race, color, national origin, disability, or religious beliefs. Inquiries regarding this nondiscrimination policy may be directed to:

VISITORS TO OUR SCHOOLS

The building principal or their designee is responsible for all persons in the building and on the grounds. Since schools are a place of work and learning, certain limits must be set for these visits. For these reasons, the following rules apply to visitors to the schools:

1. Anyone who is not a regular staff member or student of the school will be considered a visitor.
2. All visitors to the school must report to the office of the principal upon arrival at the school. There they will be required to sign the visitor's register and will be issued a visitor's identification badge, which must be worn at all times while in the school or on school grounds. The visitor must return the identification badge to the principal's office before leaving the building.
3. Visitors attending school functions that are open to the public, such as home-school organization meetings or public gatherings are not required to register.
4. Teachers are expected not to take class time to discuss individual matters with visitors.
5. Any unauthorized person on school property will be reported to the principal or their designee. Unauthorized persons will be asked to leave. The police may be called if the situation warrants.
6. All visitors are expected to abide by the rules for public conduct on school property as posted on all school grounds and disseminated in the district code of conduct on an annual basis.

ACADEMICS & STUDENT LIFE

Attendance

All children in New York State between the ages of 6 and 16 years shall receive full-time instruction. (Section 3205, Education Law)

Each registered student in Scotia-Glenville Middle School is expected to attend each day that school is in session. Should a student be absent or tardy for any reason, it is necessary that a written excuse, signed by a parent or guardian, stating the date and reason for the absence or tardiness be brought to the homeroom teacher upon return.

The following excuses are considered legally acceptable by the New York State Board of Regents: (a) personal sickness, (b) sickness or death in family, (c) severe storms or impassable roads, (d) religious observance, (e) quarantine by contagious disease, (f) court obligations, (g) music instruction, (h) approved cooperative work program, or (i) doctor's appointment.

Absenteeism

The parents or guardians of a student who is chronically absent (10 or more absences without medical documentation) may receive a letter inquiring about how the school can help support parents and guardians in getting their child to school. The student and parents or guardians may be required to meet with an administrator. If the student's attendance does not improve, an Attendance (PINS Diversion) Petition may be filed with the Schenectady County Department of Probation.

Arrival and Homeroom

Students should not arrive to school prior to 7:00 a.m. unless permission is granted from the main office.

Students arriving before 7:30 a.m. must report immediately to the designated area. At 7:30 a.m., students will be dismissed to their lockers. At that time, they may report to the cafeteria, the library, or homeroom.

Students walking to and from school each day should plan their route so that it is safe, respectful of property, and timely, considering weather conditions.

Students should not get off the bus at the Senior High and walk over to the Middle School.

Students arriving on buses will be unloaded at the traffic circle in front of the building and should enter the building directly.

Students arriving by car must be dropped off only at the designated area.

Bicycle racks are furnished for those students who choose to ride to school. Upon arrival, the student should **walk their bike while on school grounds** and park it on the rack. Students should lock their bikes and may not use them during the school day. Bicycles considered to be unsafe by school authorities are to be left at home.

Homeroom

Each student is assigned to a homeroom in the Middle School. Students should first go to their assigned locker, get all materials and books for morning classes, and take care of all personal needs before going to homeroom. **Students must be in their seats by 7:36 a.m.** A warning will be given at 7:34 a.m. to proceed to homeroom. Students should all

been route to homeroom by this time.

Extracurricular Participation and Attendance

Students who are participating in activities scheduled for the evening hours such as sports, music, dramatics or social events must be in school for attendance on the day of the activity if they are to be participants or spectators. When the activity falls on a Saturday, attendance is required on Friday. Special problems should be discussed with the principal or assistant principal prior to the event.

Attendance at concerts is required of Band, Orchestra and Chorus students. These events are considered part of the music curriculum.

Family Trips

Family trips scheduled during the time when school is in session deprive students of valuable instructional time and are considered "illegal absences" according to New York State Education Law. The school district does not provide advance homework for students going on vacation with the family. Teachers are not responsible for writing out assignments for students illegally absent.

Guests

Students who wish to bring a guest to school must secure the principal's permission at least one day in advance and bring written permission from a parent or guardian.

Perfect Attendance

Students will be considered to have perfect attendance if they are in attendance every day, all day, with no tardiness. Students who are on approved educational field trips from school are considered in attendance for that day. Students absent due to a death in their immediate family or religious observance may be considered to have perfect attendance at the discretion of the principal.

Reporting Absences

Parents and guardians are asked to contact the school by telephone or in person regarding matters of student attendance. The adult picking up the student and the student who is excused from school must sign out in the office sign-out book. If the student returns to school, they must sign back in and report to the secretary.

Tardiness

After a student is illegally tardy to school **four** times, the student's name will be reported to the office and the student will be assigned to school detention. Detention will be assigned for every tardy thereafter. A student who arrives late to school must bring a written excuse stating the reason for the tardiness.

Tardiness to School/Chronic Tardy Policy

Tardy referrals will be written by the attendance secretary and will be handled in the following manner:

- ✓ Tardy #1, 2, & 3: Entered on student's attendance record.
- ✓ Tardy #4: Entered on student's attendance record; student will be referred by the attendance office and Lunch Detention will be assigned.
- ✓ Tardy #5 and Subsequent Tardies: Entered on student's attendance record. Lunch Detention assigned; parents/guardians will be contacted by school administrator to discuss chronic tardiness. Student is added to the chronic tardy list.

Truancy/Class Cuts

A student who is truant from school or cutting a class is required to make up the instructional time lost. A parent or guardian will be notified. Detention or in-school suspension may be assigned. The student will receive a zero for any missed quiz or test and will be responsible for making up all missed work.

Events Guideline

Any student, parent, guardian, spectator, and/or visitor who wish to attend any school sponsored event may be prohibited from bringing in any type of beverage, backpack, container or bag.

Homework Guidelines and Responsibilities

Students will be required to complete all homework assignments on time and to the best of their ability. Students are expected to promptly make up all assignments missed due to absence from classes for any reason. Students must promptly make up work when attending field trips, music rehearsals, special programs and the like promptly, according to the (policy of the teacher) homework policy. Students may be required to spend additional time after school to complete their work. ***Students who owe excessive amounts of work may be restricted from all extracurricular activities.***

Homework is designed to be a meaningful experience that prepares students for lessons, practices and reinforces concepts taught in class, and prepares students for real world activities.

Teachers will:

- ✓ Coordinate assignments to eliminate too many assignments at a time.
- ✓ Set-up weekly assignment and assessment calendars to facilitate coordination. Copies will be given to the Guidance Department.
- ✓ Assign appropriate time for each assignment depending on its complexity and length while considering the availability to all students of special resources needed (i.e., computers).
- ✓ Schedule long term assignments given by the team throughout the school year to eliminate overburdening student schedules. Each long term assignment will be given in writing with intermediate due dates to train the student in long term planning. (Teachers not on a team will list long term assignments on a calendar in the Library Media Center to coordinate information among the entire faculty.)
- ✓ List assignments in the classroom in a standard location and give them orally for students to put in their assignment notebook giving an approximate time necessary for completion.
- ✓ Provide time for homework help (before or after school, in study time or during activity/team periods).
- ✓ Provide assignments for students who are absent from class.
- ✓ Provide timely feedback on assignments.
- ✓ Distribute a written homework guideline to every student at the beginning of each course.

Students will:

- ✓ List all assignments in their school-designed student agenda.
- ✓ Do all assignments on time to the best of their ability.
- ✓ Maintain the student agenda as directed to maximize its effectiveness in assisting with homework completion and student organization.

- ✓ Organize papers in a take home folder on a regular basis.
- ✓ Keep pass pages in their student agendas.
- ✓ Examine daily schedules with parental help and set aside time to do homework.
- ✓ Seek help when needed by making arrangements to work with teachers.
- ✓ Ask teachers for assignments missed when absent from class. Students have two days to make up work for each day absent.
- ✓ If a student misses one or two days of school due to absence they have two school days to submit work for credit upon their return to school. If a student misses three to five days of school due to absence they have five school days to submit work for credit upon their return to school. If a student has missed more than five days of school due to absence it will be up to administrative discretion to grant additional time to complete missed work.
- ✓ Adhere to the rules against plagiarism as defined in the conduct section of this handbook under "Academic Integrity."

Parents and Guardians will:

- ✓ Work with their students to examine family schedules to allow time for homework.
- ✓ Provide an appropriate homework setting that motivates students to complete all assignments.
- ✓ Monitor the student assignment notebook and look at the completed assignments.
- ✓ Contact the teacher directly or encourage the student to seek help when students show that they are having difficulty with their assignments or when extenuating circumstances prevent a student from completing assignments. The guidance department may also be contacted.
- ✓ Contact the guidance department, if necessary, for resources to help their child with homework.
- ✓ Contact the guidance department for a list of assignments if a student is absent for more than one day.

Administrators will:

- ✓ Assist teachers, students, parents and guardians in following the middle school homework practices.
- ✓ Review and monitor all teachers' homework guidelines and make appropriate recommendations to teachers.
- ✓ Make school-designed assignment notebooks available for purchase at the start of each school year.
- ✓ Ensure that copies of all individual teacher's homework guidelines are on-file in either the guidance department or the main office

Lockers/Locks

- ✓ Each year hall lockers are assigned to students by the guidance department. Students are to use only their assigned lockers.
- ✓ Combination locks are purchased by incoming sixth graders during summer

orientation. Students will be responsible for keeping track of their locks and combinations throughout the three years of middle school.

- ✓ Only locks purchased through guidance may be used to secure lockers.
- ✓ For security reasons, lock combinations are not to be shared with other students.
- ✓ All students must keep their lockers locked at all times. Any student who loses their lock must purchase a new one through the guidance department.
- ✓ Students do not need to go to their lockers between every class. Students should plan ahead and be prepared for their next classes. Tardiness to class due to locker stops are subject to disciplinary actions by the receiving teacher.
- ✓ Lockers should be kept neat and clean. Under no circumstances should anything be written on or inside of lockers.
- ✓ Students may not change their locker location. Locker assignments may only be changed by a guidance counselor or school administrator.

Medication Policies

There are times when it may be necessary for a student to receive medication during school hours. The following requirements for administration of medication must be met in order for that medication to be given. These requirements apply to both prescription and non-prescription (“over-the-counter”) medications.

- ✓ The school nurse must have a written order on file from the healthcare provider stating the name of the medication, dosage, time to be given in school (if it is to be given on a daily basis), and the circumstances for administering the medication if it is not to be given on a regular dosage schedule. This written order should be on the doctor’s letterhead stationery and include the office address and telephone number. Orders must be renewed annually.
- ✓ The school nurse must have written permission on file from the parent or guardian authorizing school personnel to administer the medication as specified by the doctor.
- ✓ The **parent or guardian** (or other responsible adult) must bring the medication to school in the **pharmacy container or the original store container**. **Students should NOT transport medication!**
- ✓ Any medication to be given at school must be kept in the Health Office. (EXCEPTION: Instances where it has been determined by a student’s physician that the student should carry their medication – see self-medication form)
- ✓ Medications not picked up at the end of the school year will be discarded. A reminder notice will be sent home before the last day of school in June.

These policies, determined by the Scotia-Glenville Central School District, are in accordance with New York State Education Department guidelines and exist for the safety of ALL of the students in the school.

CONDUCT

Academic Integrity

As part of the school community, it is the duty and responsibility of students and faculty to honor academic success that is earned as the consequence of hard work and effort. If not taking the late bus, the student may make arrangements with a parent or guardian for early pick up. Students waiting for a ride must wait in the lobby in the front of the building. Riding the late bus requires a special pass from the teacher in charge.

Students are to leave the building promptly or go directly to their school-related activity, supervising teacher or the library, when open. Students are not to loiter in the hallway after 2:30 p.m.

Students who walk to and from school are to walk on sidewalks, if available. Students who use the access road will wait on the curb until all buses have left. Climbing fences is prohibited. Walking across soccer and football fields is prohibited.

Bus students who are required to participate in an event at the high school must obtain a special late bus pass from the middle school office prior to the event.

Students may only use school facilities (building or grounds) under the authorized supervision of an adult.

Athletic and Co-Curricular Activity Policy

The standards set in this policy are not any higher than those of the school policy for all students. The difference is that students involved in athletics and co-curricular activities can be suspended from partial or complete participation in those activities.

Students participating in co-curricular activities are expected to maintain appropriate standards of decorum throughout the school day and within the community. **Participation in extracurricular activities is a privilege for the students at Scotia- Glenville Middle School.**

Referrals: A student participating in extracurricular activities who receives a discipline referral to the main office for violating any part of the Scotia-Glenville Central School District Code of Conduct may be suspended or removed from their specific activity for a period of time to be determined by building administration.

Alcohol and Drugs: Students on co-curricular activities found to be involved with usage will automatically be suspended from the activity. Students will be excluded from any club or extracurricular activity for 20 school days commencing with the date of suspension. Reinstatement will commence on the 21st school day.

A student involved in the use and/or possession of alcohol or the use and/or possession of any substance prohibited by law will be require to attend a minimum of ten (10) periods of substance abuse counseling with the Student Assistance Counselor, or outside agency, in addition to any limitation on participation set forth herein.

Consequences will be as follows:

First Offense: Effective on the date when the penalties are imposed, the athlete will be placed on probation for one calendar year. The athlete will need to meet with the student assistant counselor or equivalent outside agency for counseling. The counselor and administrator must agree as to when a student can return to participation. During the period of probation, the athlete will be expected to practice with the team but will not be allowed to participate in the team’s scheduled competitions according to the eligibility chart (see below). Student-athletes on probation are expected to attend all practices and contests (NOT IN UNIFORM) and be of assistance to the team, as the coach deems appropriate. Penalties that cannot be served during the sport season in which they are imposed will be carried over for completion in the next sport season in which the athlete participates. The penalty assigned will be adjusted proportionately based on the number of regular season scheduled contests in the subsequent season.

ELIGIBILITY CHART		
# of Regular Season Scheduled Contests	Contest Penalty First Offense	Contest Penalty Second Offense

Second Offense: If the second offense occurs during the one-year probationary period, the athlete is suspended from all participation in interscholastic athletics for one calendar year from the date of the second offense. If a second offense occurs at any time after the probationary period, all provisions set forth in the first offense will apply. However, the contest penalty will be increased according to the eligibility chart. In addition, a new one calendar-year probationary period will be assigned.

Third Offense: A third offense at any time during the secondary interscholastic time will mean a suspension from future participation on any interscholastic team for the remainder of the secondary school years.

APPEALS: A student-athlete may file an appeal in writing to the Director of Athletics within three calendar days from the date the penalty was assessed. The Athletic Director will call a meeting of the Appeals Committee to review the appeal. The jurisdiction of the Appeals Committee will be limited to affirming or reversing the decision of the Athletic Director. The Appeals Committee will have no authority to increase or reduce any penalty imposed. The student-athlete and their parents/legal guardians may attend the Appeals Committee meeting. The Athletic Director will notify the student-athlete of the results of the appeal within 24 hours.

Students will be required to complete all homework assignments on time and to the best of their ability. Students are expected to make up all assignments missed due to absence from classes for any reason promptly. Students must make up work when attending field trips, music rehearsals, special programs and the like promptly, according to the policy of the teacher. Students may be required to spend additional time after school to complete their work. ***Students who owe excessive amounts of work may be restricted from all extracurricular activities.***

Backpacks/Book Bags

Students are able to carry book bags and backpacks.

Bullying/Harassment/Discrimination/Hazing

The Scotia-Glenville Central School District and Board of Education prohibit acts of bullying, harassment, discrimination and hazing. The Board of Education has determined that a safe and civil environment in school is necessary for students to learn and achieve high academic standards. Bullying, harassment, discrimination and hazing is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe environment.

Bullying: is defined as a hostile activity, which harms or induces fear through the threat of further aggression and/or creates terror. Bullying may be premeditated or a sudden activity.

Bullying can take many forms; however, the main types are defined as any gesture or written, verbal or physical act, or any use of electronic communication (a communication transmitted by means of an electronic device, including, but not limited to, a telephone, cellular phone or computer) that take place on school property, at any school-sponsored function, or on a school bus and that:

- a) is motivated by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability; or,
- b) by any other distinguishing characteristic; and
- c) a reasonable person should know, under the circumstances, that the act(s) will have

the effect of harming a student or damaging the student's property, or placing a student in reasonable fear of harm to the person or damage to their property; or,

- d) has the effect of insulting or demeaning any student or group of students in such a way as to cause substantial disruption in, or substantial interference with, the orderly operation of the school.

Forms of bullying include, but are not limited to, physical or verbal assaults, nonverbal or emotional threats or intimidation, social exclusion and isolation, extortion, and the use of a computer or telecommunications to send embarrassing, slanderous, threatening, or intimidating messages.

Specific examples of bullying may include, but are not limited to:

Verbal bullying: *name calling, insulting remarks, verbal teasing, frightening*

phone calls, violent threats, extortion, taunting, gossip, spreading rumors, racist slurs, threatening electronic communications, anonymous notes, etc.

Physical bullying: *poking, slapping, hitting, tripping or causing a fall,*

choking, kicking, punching, biting, pinching, scratching, spitting, twisting arms or legs, damaging clothes and personal property, threatening gestures, etc.

Social bullying: *purposely excluding someone from a group, spreading rumors or gossiping, arranging public humiliation, undermining relationships, teasing about clothing, looks, giving dirty looks, aggressive stares, etc.*

Cyberbullying: *harassment or bullying that occurs through any form of electronic communication.*

Cyberbullying that occurs off-campus and endangers the health and safety of students or staff within the school, or can reasonably be expected to substantially disrupt the educational process, is prohibited.

Cyberbullying or cyber threatening material, either in the form of text or images, posted on personal web sites, social networking sites, blogs or transmitted via email, discussion groups, message boards, chat rooms, instant messages, or via cellular phones is prohibited. The use of the districts internet system to cyberbully, cyber threaten, or harass students or faculty is strictly prohibited.

Off-campus cyberbullying or cyber threats regardless of the form in which the message is transmitted endangering the health, welfare or safety of students, faculty or staff within the District or adversely affecting the educational process is prohibited. Students engaging in this type of conduct will be disciplined according to the District's Code of Conduct.

Harassment: is defined as the creation of a hostile environment by conduct or by verbal threats, intimidation or abuse that has or would have the effect of unreasonably or substantially interfering with a student's educational performance, opportunities or benefits, or mental, emotional or physical well-being; or conduct, verbal threats, intimidation or abuse that reasonably causes or would reasonably be expected to cause a student to fear for their safety. The harassing behavior may be based on any characteristic, including but not limited to a person's actual or perceived: race, color, weight, national origin, ethnic group, religion, religious practice, disability, sex, sexual orientation, or gender (including gender identity and expression).

SGMS students should treat faculty and staff members, other students, and the public with proper respect. Treatment of faculty or staff members or students in an ***intimidating, threatening, or harassing manner*** is an extremely serious matter reflecting poorly on that student and our school. ***A student, staff member, or community member who feels they have been a victim of harassment based on gender, race, national origin, religion, age,***

gender, sexual orientation or disability or any other personal characteristic is encouraged to report the incident to a teacher, counselor, nurse or the administration. Faculty and/or staff should advise the administration and encourage the complainant to file a formal complaint with the Title IX

Coordinator (The Assistant Superintendent for Curriculum and Instruction). Any student or students guilty of harassment may be assigned detention, in-school or external suspension. School administration will thoroughly investigate all reports of such behavior and will make every effort to protect the confidentiality of the individual making the complaint. If confirmed, such behavior will result in detention, suspension, or other appropriate consequences.

Discrimination: is defined as the act of denying rights, benefits, justice, equitable treatment or access to facilities available to all others, to an individual or group of people because of the group, class or category to which that person belongs (as enumerated in the harassment section).

Hazing: is an induction, initiation, or membership process involving harassment which produces public humiliation, physical or emotional discomfort, bodily injury or public ridicule or creates a situation where public humiliation, physical or emotional discomfort, bodily injury or public ridicule is likely to occur.

When it is determined that acts of bullying, harassment, discrimination or hazing have occurred, the offenders will be given the message that their actions are wrong. Consequences for a student who commits an act of bullying, harassment, discrimination or hazing shall be varied (ranging from positive behavioral interventions up to and including suspension or expulsion) and graded according to the nature of the behavior, the developmental age of the student and the student's history of problem behaviors and performance, and will be consistent with the district code of conduct. Remedial measures shall be designed to correct the problem behavior; prevent another occurrence of the problem; protect and provide support for the victim of the act; and take corrective action for documented systemic problems related to harassment, intimidation or bullying.

The principal and/or the principal's designee at each school is responsible for receiving complaints of bullying, harassment, discrimination or hazing. All school employees are required to report alleged violations to the principal or principal's designee. All members of the school community, including students, parents/guardians, volunteers and visitors, are also urged to report alleged violations to the principal or the principal's designee.

While submission of the report form is not required, the reporting party should use the report form available from the principal of each building or at the district's central office and/or contact the principal or the principal's designee.

Reports may be made anonymously, but formal action for violations of the code of student conduct may not be based solely on the basis of an anonymous report. In addition, the principal and/or the principal's designee is responsible for determining whether an alleged act constitutes a violation. In so doing, the principal and/or the principal's designee shall conduct a prompt, thorough and complete investigation of each alleged incident.

The district prohibits reprisal or retaliation against any person who reports an act of harassment, intimidation or bullying. The consequence and appropriate remedial action for a person who engages in reprisal or retaliation shall be determined by the administrator after consideration of the nature, severity and circumstances of the act, in accordance with case law, Federal and State statutes and regulations and district policies and procedures.

Bus Procedures

1. Students are to board buses only at the middle school.

2. Students are to behave properly on buses at all times. Those not behaving will be considered for detention or suspension.
3. Students who ride the late bus must obtain a pass from their supervising teacher.
4. When boarding buses, students should follow the directions of the supervising teacher or the drivers.
5. Students should not walk between buses or attempt to cut in front of buses.

Bus Conduct

Students may be subject to disciplinary action, up to and including suspension from school, when they engage in misconduct while on a school bus. It is crucial for students to behave appropriately while riding on district buses to ensure their own safety, the safety of other passengers, and to avoid distracting the bus driver. Students are required to conduct themselves on the bus in a manner consistent with established standards for classroom behavior. Excessive noise, pushing, shoving and fighting will not be tolerated.

It is the responsibility of the school bus driver to safely and consistently transport students to and from school. Because of this responsibility, the driver has the same authority as a teacher, parent or guardian to ensure good behavior on or near the bus. Cases of serious or chronic misconduct will be reported to the school authorities to be dealt with as in other cases of discipline. The privilege of riding the school bus may be denied to those who choose to abuse it.

The following are some safety and courtesy rules to abide by when riding on the buses.

Students should:

- ✓ Show proper behavior around the bus stop area and on the bus.
- ✓ Stay behind the curb or out of the road until the bus stops.
- ✓ Be aware of the surroundings while waiting for the bus.
- ✓ Line up single file without pushing when boarding the bus.
- ✓ Speak only in conversational tones using appropriate language.
- ✓ Obey the bus driver who is in charge of safe transportation.
- ✓ Keep arms, hands, and other parts of the body, and belongings, inside the bus.
- ✓ Keep the bus free of paper and other litter.
- ✓ Ride only the bus assigned. To ride any other bus, you must have written permission by a parent or guardian with a signature from the principal or assistant principal on it.
- ✓ Show a late bus pass to the driver to be allowed on the late bus.
- ✓ Demonstrate common courtesy to others for safety reasons.

Care of Building

Students have always taken great pride in the appearance of Scotia-Glenville Middle School. In keeping with this established tradition, we trust that each individual will assume a share of the responsibility to maintain and care for the building. Students will be subject to disciplinary action when they engage in acts of vandalism, theft, or destruction of school or another individual's property. A student shall not be involved in willful or malicious destruction or defacing of school property or the property of others. A student shall not be a part of any theft or unauthorized possession of school or another individual's property. A student who causes damage to the school building or grounds will be expected to pay for

the damage. Any student who intentionally damages equipment in a class may be removed from that class for the remainder of the year. Students will be issued, without charge, library books, required textbooks and other materials such as athletic uniforms, and laboratory, vocational, athletic, and music equipment. Books, uniforms, and equipment should be returned in the same condition as issued. Lost or damaged books, uniforms, and equipment are the responsibility of the student. Students will be expected to pay for losses or damage.

Food and Drink

Food and/or drinks are not allowed outside of the cafeteria (classrooms, hallways, common areas, etc.) These items should be consumed during designated breakfast and lunch service hours in the cafeteria. The only exception is the provision of water in a water bottle. Students are permitted to carry water bottles. Students using water bottles are expected to take responsibility for proper use and disposal. Improper use of water bottles (i.e. squirting them on others or on the floor) may result in loss of privilege to carry water bottles and /or are subject to disciplinary action.

- ✓ Keep their assignment notebook up to date at all times.
- ✓ Keep school-owned textbooks covered at all times.
- ✓ Make up work if absent.

Classroom Tardiness

All students are expected to be in classes on time. Violation of this rule will result in teacher detention. Chronic tardiness will be reported to the office.

If a student arrives late to class without a pass, the following procedures should be followed:

- Tardy #1, 2 & 3 Warning by the teacher.
- Tardy #4 Teacher detention/Home contact.
- Tardy #5 Referral to the office.

Corridor Conduct

Students should respect the rights of others in the hallways and at all other times. Eating, drinking, pushing, screaming, spitting, running, use of foul language, degrading actions, slamming/kicking of lockers or the like will not be tolerated and will be subject to disciplinary action. Students are expected to respect individual and school property.

Detention Policy

In cases of minor infractions of the code of conduct, school, or administrative detentions, may be assigned. A student who fails to complete administrative detention may be given additional detentions. Further detention “cuts” may result in assignment to in-school or out-of-school suspension.

After-school detentions start promptly at 2:30 p.m. and conclude at 3:45 p.m. A late bus is available at approximately 4:00 p.m.

Students must bring sufficient school-related work and materials for the entire detention

period.

Students who fail to attend teacher-assigned detentions will be referred to the assistant principal and an administrative consequence will be assigned.

Administrative detention will supersede all other after-school obligations for students assigned to such detentions.

If a student is removed from detention for disruption or other causes, the following procedures will be implemented:

- ✓ Teacher will send the student to the office.
- ✓ Teacher will call the office to notify the office of the student being removed.
- ✓ Home contact will be initiated from the office.
- ✓ Student may face additional consequences up to an out-of-school suspension.

- ✓ Running in hallways.
- ✓ Making unreasonable noise.
- ✓ Using language or gestures that are profane, lewd, vulgar or abusive.

All students are expected to present a neat appearance and be appropriately dressed during school hours and for school related activities. Students and their parents have the primary responsibility for acceptable student dress and appearance. All District personnel should exemplify and reinforce acceptable student dress and help students develop an understanding of appropriate appearance in the school setting.

A student's dress, grooming and appearance, including hair, jewelry, make-up and nails shall:

1. Be safe and appropriate and not disrupt or interfere with the educational process.

- Student may change or cover clothes.
- Student may be sent home to change with permission from parent/guardian.
- Parent/guardian may be notified

If the problem persists, parents/guardians will be contacted. Members of the Student Council assume a leadership role in maintaining the intent of this Statement of Dress and, as such, may discuss guidelines with the principal on a yearly basis. If necessary, an agreement will be developed and announced to the student body at the beginning of the school year. Interpretation of the dress code will be at the discretion of the building administration.

First Offense:

The student will be referred to the main office by a staff member and will be notified of their dress code violation. The student will be provided with written notification in the form a dress code violation pass indicating that they have met with building administration and that their outfit is in violation of the SGMS dress code.

Consequences of Possession or Use of Drugs, Chemical, Substance and Drug Implements

All students should be aware that the use and abuse of drugs, chemicals and similar substances including the inappropriate use of prescription drugs could cause physical reactions similar to those which are the result of the use or abuse of alcohol. As a result, the same potential for a serious accident exists when individuals use drugs, chemicals, substances, or inappropriately use prescription drugs. Any student(s) guilty of an unprovoked assault upon another person on school property may be subject to disciplinary action.

Inappropriate Physical Contact

Inappropriate physical contact is prohibited at Scotia-Glenville Middle School. This includes on school property, at school sponsored functions, or on a student's passage to or from school. Inappropriate physical contact is defined as but not limited to the following student

Searches & Interrogations

The Board of Education authorizes the Superintendent of Schools, principals, or designees, the school nurse and district security officials to conduct searches of students and their belongings if the authorized school official has reasonable suspicion to believe that the

search will result in evidence that the student violated the law or the district code of conduct. See the District Code of Conduct for complete procedures.

Locker Search

Lockers, desks and other storage spaces are the property of the school and for student use. Students should have no expectation of privacy in a school issued locker. Locker searches may be conducted without the student's knowledge or permission. Students should be aware that New York State courts have recognized that the preservation of the health and safety of students, as well as the effort to keep order in the schools, may require the search of a student's locker. The superintendent, principal or assistant principal or designee may determine that there is a "reasonable suspicion" to inspect the contents of a locker and on that basis, a locker search may take place.

Personal Search

If the superintendent, principal, assistant principal or designee determines that there is reason to believe that a student is in possession of drugs, drug implements, a controlled substance, a weapon, stolen property or contraband of any description, then the student believed to be in possession may be subjected to a personal search.

Interrogations

Any school official authorized to impose a disciplinary penalty on a student may question a student about an alleged violation of law or the district code of conduct. Students are not entitled to any sort of "Miranda"-type warning before being questioned by school officials, nor are school officials required to contact a student's parent or guardian before questioning the student. However, school officials will tell all students why they are being questioned. See the District Code of Conduct for complete procedures.

Selling Items

Unless authorized by an activity or organization sponsored by the middle school, nothing is to be bought, sold, or loaned on school property.

Smoking Policy

In accordance with State and Federal law, use and/or possession of tobacco, tobacco related products and smoking paraphernalia, including E-cigarettes and "vape" paraphernalia, is prohibited on school property, school grounds and school functions. A student is in violation of the smoking policy if found smoking: holding a lighted cigarette/vape; possessing tobacco, including smokeless products; possessing smoking paraphernalia such as a cigarette lighter, matches, packaging, containers, etc.; and possessing E-cigarette or "vape" paraphernalia. Tobacco products should not be brought to school. Students should expect them to be confiscated. Students should be aware that building administrators or their designee has the right by law to search students and/or lockers, or personal possessions when there is reasonable suspicion of a violation. (SGCSD BOE policy: 7/25/2016)

Scotia-Glenville Middle School is making a concerted effort to ensure that smoking does not occur on school grounds. The components of such an effort would include, but are not limited to, the following:

- ✓ student handbook

All smoking and/or tobacco/electronic cigarettes/vape use offenses are cumulative through one's middle school career.

Snow Restrictions

The throwing of snowballs/ice balls is prohibited. Students throwing snowballs/ice balls will be placed on detention or considered for suspension.

Stairway and Corridor Traffic

Remember that in any traffic situation, in public or otherwise, the rule is to keep to the right; do not block intersections; move slowly and carefully to avoid collision; do not litter or loiter and do not be late for the next class. These rules of order apply to the use of the stairs and corridors. Teachers will be present to aid and assist, as well as regulate, student traffic between classrooms.

Students with Disabilities

The Individual Education Plan of each disabled student is reviewed annually by the Committee on Special Education (CSE). A student with a disability is expected to comply with the District Code of Conduct and the outlined behavior and disciplinary measures in this handbook. However, it is possible that a disabled student may not, as a result of a violation of the Code, be subjected to the usual disciplinary procedures if the CSE determines that the behavior is a result of the disability.

A disabled student's guidance counselor and special education teacher or related service provider, in conjunction with the dean and/or the principal, will jointly decide if the student's conduct constitutes a reason for referral to the CSE prior to the annual review. For all disabled students, however, a referral to the CSE for a manifestation determination must be made once a total of ten (10) days of suspension has been reached. See the District Code of Conduct "Discipline of Students with Disabilities" for further guidance.

Internet User Guidelines

The *Scotia-Glenville Central School District* provides students and staff (users) with access to the Internet as a learning tool. This electronic communications network gives users an opportunity to explore a diverse and unique pool of information. Utilizing this network in a school setting allows users of all ages to research information related to their classes, participate in innovative educational projects, and develop personal skills needed to communicate with others in the global community.

The students and staff utilize the Internet as an instructional tool in grades K-12. The following list highlights examples of the current Internet usage in our schools:

- Searching for information to support research projects for classes.
- Collecting and analyzing information for exchanges with other classes.
- Evaluating web sites for accuracy of content and bias.
- Utilizing interactive simulations.
- Participating in enrichment activities.
- Researching current events and development. The staff guides and supports students in developing skills and behaviors needed to properly use the Internet. In addition to staff supervision, the school district network is equipped with software directed at preventing students from accessing illegal, defamatory, or potentially offensive resources. However, the content of the Internet changes on a daily basis and, even with these safeguards, by chance or determination a user may be exposed to inaccurate or inappropriate information.

Students, parents, guardians, staff, and administrators must form a partnership to promote responsible educational use of the Internet. Federal and State laws as well as Scotia-Glenville Board of Education policies outline the responsibility and govern the appropriate use of the Internet and the school district network. Scotia-Glenville staff will teach and clarify

appropriate use standards to students.

Students using personal mobile devices will access district's wireless network through the guest connection for school related purposes. Students are responsible for the security and technical service of their own devices. Fees incurred while using district's wireless guest network are the responsibility of the student.

If a user violates acceptable use of the Internet by engaging in any of the following actions, they will face the consequences as outlined in the District Code of Conduct and this handbook:

- Sending or receiving offensive language or graphics.
- Violating copyright laws.
- Utilizing another user's password.
- Attempting to harm or destroy the equipment or data of any user or organization.
- Posting defamatory or slanderous statements.
- Engaging in unauthorized access of data or transfer of files.

Internet access is an important privilege to aid in the educational process and to help prepare our students for their roles in the 21st century. It is our intention to provide this access for all of our students unless a parent or guardian indicates they would rather their child[ren] not have this opportunity. *In that case, parents/guardians should send the principal a short letter indicating that their child should not have Internet access during this school year.*
